#### TERMS OF SALE

All shipments to travel at the cost and risk of purchaser.

Filling of orders subject to loss by unavoidable causes.

All claims of shortages etc., to be made by purchaser within six days of receipt of stock.

Prices quoted are net. Boxing and baling to be added at cost.

Firms unknown to us must send cash, furnish good references, or permit us to ship C. O. D.

The prices on this list being for wholesale quantities, we cannot undertake to supply long and much assorted lists of stock calling for only small lots of each kind, except at an advance above our printed rates according to quantity.

**STOCK THAT WILL PLEASE YOU.** We are proud of our stock and know that every item listed here will please you. Don't hesitate to ask for samples if you want quantity enough to make it worth while.

**PACKED TO REACH YOU IN PERFECT CONDITION.** We use only the very best packing material and methods, and the work is done by men who understand their job. In some departments, as with evergreens, we have special devices of our design for packing.

**FROM A NURSERY THAT KNOWS HOW TO HANDLE STOCK.** We have the very best and latest equipment and have been growing nursery stock for fifty years. The men who grow, grade and pack this stock are all experts in their line. We have a soil and location that is unsurpassed for producing strong, clean and well rooted plants.

**THE BEST OF STORAGE AND PACKING FACILITIES.** We have a large new underground storage where the temperature is even all the time, where the stock keeps to perfection; a large frost-proof packing house which is well insulated and where air conditions are practically the same as in the storage; no outside loading platform; everything handled and arranged inside to give as little exposure as possible. Office, storage and packing all in the same building or connected, except that all evergreens are graded and packed in a special underground packing house located right out in our evergreen plantations.
